Forecast For Wales
Issued by Met Office Exeter
at 0400 on Wednesday 25 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Initially cloudy, with prolonged sunshine in the afternoon.

Today:
Fog and mist patches clearing through the morning, with persistent cloud lingering for some until midday. However, prolonged sunny spells in the afternoon and feeling warm in the sunshine. Dry throughout. Maximum temperature 21 deg C (70 deg F).

Tonight:
A clear and dry evening. Long clear spells, with the possibility of fog patches forming in upland areas. Some cloud moving in from the east in the early hours. Dry. Minimum temperature 12 deg C (54 deg F).

Thursday:
A slightly cloudy start but clearing quickly to leave a dry and sunny day. Feeling very warm in the sunshine in some areas. Maximum temperature 23 deg C (73 deg F).

Outlook for Friday to Sunday:
Fine and dry with sunny spells on Friday. Cloudier on Saturday though with some sunny spells and remaining dry. Long sunny spells and dry on Sunday.
